

**CUSTOMER SERVICE NOTICE FROM EFTEL GROUP
(Eftel Ltd, aaNET Pty Ltd, ClubTelco Pty Ltd)**

Extreme Weather events impact service in Greater Perth, Lower West, Central Wheat Belt, South West, Great Southern and South Coastal Districts of Western Australia.

The Eftel Group (Eftel Ltd, aaNET Pty Ltd, ClubTelco Pty Ltd) is currently working to manage the impact to its network that has occurred as a result of a series of extreme weather events in the Greater Perth region of Western Australia on or about Thursday 7th June 2012 and the Greater Perth, Lower West, Central Wheat Belt, South West, Great Southern and South Coastal Districts of Western Australia on or about Sunday 10th June 2012.

Thunderstorms, heavy rain and flash flooding have caused notable damage to the network, rendering some services faulty, as referred to in Telstra Wholesales Mass Service Disruption Notification which can be found at <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>. Due to the extent of damage to the Telstra's network, the impact in the affected region has been greater than initially estimated, and as a consequence of the continued weather effects, the expected recovery date has now been extended to 20th July 2012.

A Notice will also be published in The West Australian on 3rd July 2012.

The Eftel Group is working closely with suppliers and wholesalers to assess and repair the damage to affected services in a timely manner. Customers in these regions may experience service disruptions and delays to normal connection times and fault restoration.

Because these events are outside the Eftel Group's control, Eftel is claiming an exemption under Section 21 of the Telecommunications (Customer Service Guarantee) Standard 2011 from the normal performance standards. The exemption shall apply from 11th June 2012 to 20th July 2012 inclusive. This date is indicative only; customers should anticipate that some further delays may occur.
