Extreme Weather events impact service in Perth Metropolitan, Lower West, Central Wheat Belt, South West and Great Southern districts of Western Australia.

The Eftel Group (Eftel Ltd, aaNET Pty Ltd, ClubTelco Pty Ltd, Engin Pty Ltd) is currently working to manage the impact on our customers that occurred as a result of a series of extreme weather events in the Perth Metropolitan, Lower West, Central Wheat Belt, South West, and Great Southern districts of Western Australia on or about Wednesday 17th April 2013 and Thursday 18th April 2013.

Thunderstorms, heavy rain and flash flooding have caused notable damage to the network, rendering some services faulty, as referred to in Telstra Wholesales Mass Service Disruption Notification which can be found at <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>

A customer service notice regarding this service disruption will also be published in The West Australian on the 13th May 2013.

The Eftel Group is working closely with suppliers and wholesalers to assess and repair the damage to affected services in a timely manner. Customers in these regions may experience service disruptions and delays to normal connection times and fault restoration.

The exemption shall apply from **3rd May to 7th June 2013** inclusive. This date is indicative only; customers should anticipate that some further delays may occur.
