

Customer Service notice for Customers of Eftel, aaNET, ClubTelco & engin

Staff Redeployment impact service in Melbourne and Greater Melbourne, Central, South West, Wimmera and Mallee Districts of Victoria

As previously notified on Tuesday 30 April 2013, our normal operations were affected by a series of extreme weather and flooding events, which caused widespread damage to the telecommunications network throughout large areas of Queensland and New South Wales. This necessitated redeployment of a large number of staff from across Australia to the affected regions.

Due to the prolonged nature of the extreme weather and the extent of damage to our network, the impact in the affected region was greater than initially estimated. However repairs to the infrastructure in affected areas have now progressed to a stage that the redeployed technicians can be released to their usual duties.

Due to the lengthy period of redeployment, a considerable number of services have been subject to delays, we are now working to clear the backlog of work, and the expected recovery date is now expected to be **28 June 2013**.

As a result, there will be delays to normal installation and repair activities in the Greater Melbourne, Central, South West, Wimmera, and Mallee regions of Victoria, as staff from this region return to normal duties.

Information as to the nature of the severe weather events, which included destructive winds, heavy rainfall, thunderstorms, flash flooding and river floods which occurred in the affected regions can be sourced from the Bureau of Meteorology (BOM). The BOM issued Severe Weather Warnings regarding these events commencing from on or about 23 January 2013 and continuing until 24 April 2013. Additionally these unusually severe weather events have been widely reported by most of the news media.

We have identified that the effect of these circumstances applies to an additional 20,000 services, bringing the total number of services impacted to approximately 56,000 services. This number may increase as we assess the full affect of the extreme weather conditions. Based on current information, the resumption date of normal service operations is expected to be 28 June 2013. This date is indicative only; our customers should anticipate that some further delays may occur.

Services affected by this exemption are in the area bounded by and including, but not limited to, the area starting at Jam Jerrup on Western Port Bay then following the Victorian coast west to the South Australia/Victoria border. The area then follows the South Australian/Victorian state border north to Red Bluff Nature Reserve then turns east to Chinaman Flat and following the border of the Wyperfeld National Park anticlockwise to Gunner. From Gunner the area then heads northwest past Underbool to Meringur then directly west to the South Australia/Victoria border, and then following the border north until it meets the New South Wales border. The area continues to follow the South Australia/New South Wales state borders north past the Tarawi Nature Reserve then northeast into New South Wales to Scotia Sanctuary, then heads east to Pooncarie, northeast to Panban, then south to Robinvale on the Victoria/New South Wales border. The area then turns southeast through Boundary Bend to Kyalite in New South Wales, then further southeast to Caldwell, southwest to Leitchville in Victoria and continues southwest through Pyramid Hill to Durham Ox. From Durham Ox the area turns west to Boort, southwest to Buckrabunyule, south to Fentons Creek, southeast to Rheola, south to Moliagul, then southeast through Dunolly, Carisbrook and Campbelltown to Daylesford. The area then heads northeast to Drummond, east to Pipers Creek, southeast past Heskett to Riddells Creek. From Riddells Creek the area then heads northeast past Bolinda to Darraweit Guim, then south southeast to Kalkallo,

then east to Kinglake Central, then east southeast past Kinglake East to Toolangi, then south to Healesville. From Healesville the area heads southeast to Warburton, then following the southern border of the Yarra Ranges National Park northeast to Mount Observation. From Mount Observation the area heads south southeast to the Upper Yarra Dam, then south to Jindivick North, then southwest through Jindivick, Jindivick West and Longwarry to Catani, then south to Yannathan and southwest to Lang Lang then south southwest back to Jam Jerrup. All suburbs, towns, off shore islands and coastal areas services encompassed by these boundaries are included in this exemption.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

03 4333 4000 To 03 4333 9999 03 5931 0000 To 03 5999 4999
03 4367 7000 To 03 4367 9999 03 8206 0000 To 03 8209 9999
